EDUCATION

- B.Tech InformationTechnology | CHARUSAT University | Changa , Anand   2021-2025   9.24
- Higher Secondary Education | Krishna International School | Tramba, Rajkot 2019-2021   91.5
- Secondary Education | S.K.R.M. School | Mandvi , Kutch   87.5

SKILLS

- Programming Language : Java, C++, JavaScript, Python, PHP, HTML, CSS
- Frameworks : Reactjs, Nodejs, Expressjs, Bootstrap, Tailwind , EJS
- Database : SQL, MYSQL, MongoDB
- Tools/Technologies : Git, Github, Visual Studio Code, NPM

PROJECTS

Quiz Website (Feb 2024 - Apr 2024)
- Built a quiz website with separate admin and student panels
- Used React for front-end, Node.js, Express, and MongoDB for back-end
- Collaborated with friends on this project during 6th semester

Employee Car Pooling Website (July 2023 - Nov 2023)
- Developed an employee carpooling website for particular organization
- Utilized MySQL, PHP (backend), JavaScript, Bootstrap, and React.js (frontend)

Wanderlust Airbnb Clone (Dec 2023 - Jan 2024)
- Built with EJS, Node.js, Express.js, and MongoDB
- Allows users to add, view, edit, and delete destinations
- Each destination includes details and prices for trip planning

Salon Management System (Oct 2022 - Nov 2022)
- Completed front-end development phase using HTML, CSS, and JavaScript
- Focused on creating an interactive and visually appealing user interface

Spotify Clone (Aug 2022 - Sept 2022)
- Designed and built a front-end interface replicating Spotify's UI
- Utilized Bootstrap framework along with HTML and CSS

EXPERIENCE

Web Development Intern at Prodigy InfoTech (May 2024)
- Gained practical experience with the MERN stack (MongoDB, Express, React, Node.js)
- Developed projects like a weather application, utilizing front-end (React), back-end (Express), and database (MongoDB) components
- Solidified full-stack web development skills using modern tools and frameworks

Web Development Intern at Zealous Commerce (May 2023)
- Proficient in PHP, developed CRUD app and transfer algorithm website during internship.
- Constructed effective web solutions showcasing PHP expertise.
